Letter to E. W. Bishop.

Barre, Vt.

Dear Sir:—The cheapest thing in the way of sending anything over the world is a postage stamp; and the cheapest way to shed water is paint.

Not whitewash; paint. Do you happen to know—it don't belong to your business to know about paint, you know—do you happen to know that most of the makers of paint stuff it out with lime and clay and sand and water and air?

They do stuff it out in the can; but not on the house. They make more gallons to sell or to buy; more money to pay for paint; more money to pay for putting it on; a good deal more money to pay for putting it on; but no more beauty; more rust; decay; disappointment; loss.

Devise is your paint, because it's all paint, no sham and full measure.

Yours truly,

F. W. Devos & Co.

P. S.—Reynolds & Son sell our paint.
